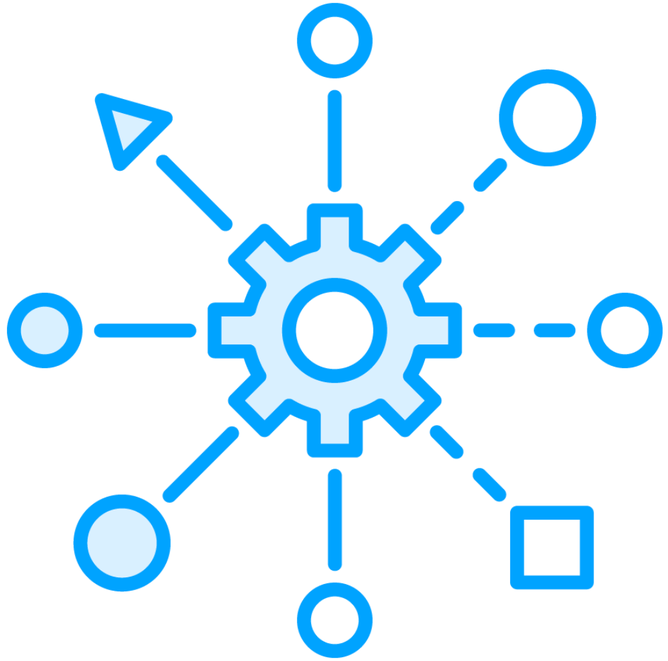
Copilot for Microsoft 365: Your Copilot for Work



Copilot offering in most Microsoft 365 products

Combines power of large language models (LLMs) with your data in the Microsoft Graph

- Grounded in your business data
- Reliable answers based on enterprise data

One goal: *To make you more productive!*

Available directly in most Microsoft 365 services

Prompt Ingredients

Goal

What *response do you want from Copilot*

Context

Why *do you need it and who is involved?*

Generate 3-5 bullet points to prepare me for a meeting with Client X to discuss their "Phase 3+" brand campaign. Focus on Email and Teams chats since June. Please use simple language so I can get up to speed quickly.

Source

Which *information sources or samples should Copilot use?*

Expectations

How *should Copilot respond to best meet your expectations?*
