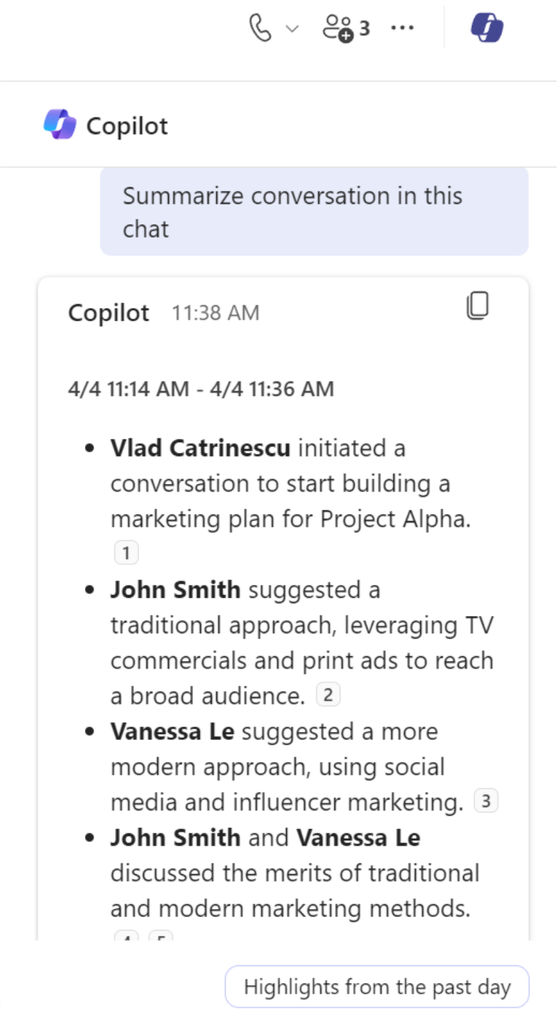
Copilot in Teams Chats

Copilot in Teams Chats



Person-to-person chats and group chats can get very active

It can become tough to go through a chat to get the important information

Copilot can help with that!

Sample Prompts

Highlights from the past day

Highlights from the last 7 days

Are there any pending decisions?

What are the open items?

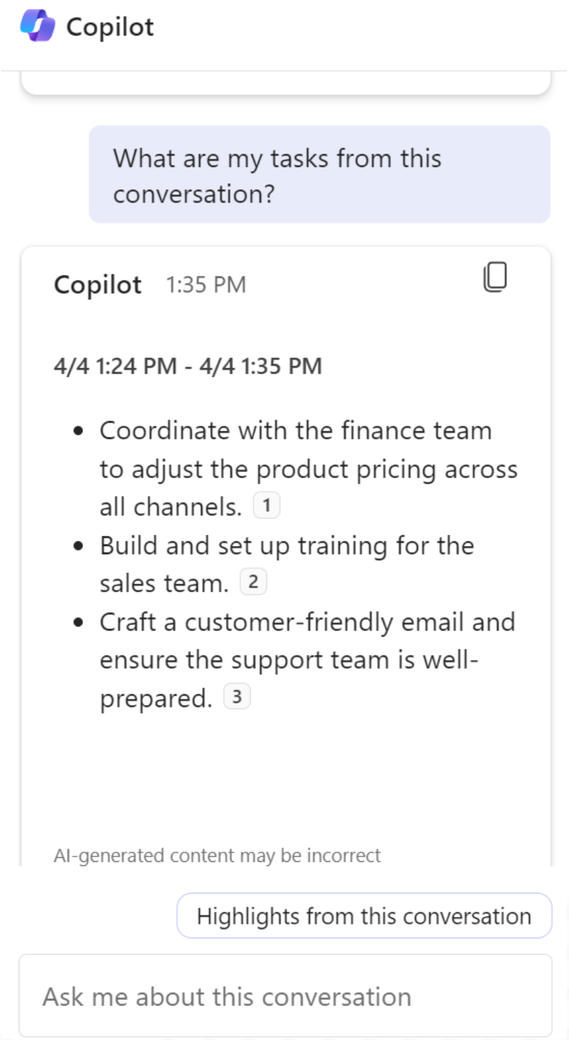
What did we agree on [topic]?

Demo

Copilot in Teams Chats

Copilot in Teams Channel Conversations

Copilot in Teams Channel Conversations



Similar functionality as Copilot in Teams chats but for channel messages

Only works in longer channel conversations

Limited to summarizing one channel conversation

- You can use Copilot app in Teams to summarize more!

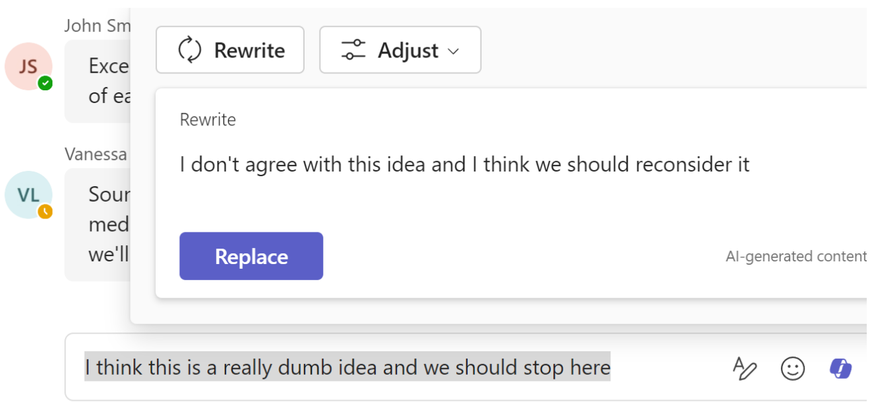
Use similar prompts as Copilot in Teams chats!

Demo

Copilot in Teams channel conversations

Copilot in the Teams Compose Box

Copilot in the Teams Compose Box



Ever started writing a message.... but it's missing something?

- Or you are not sure that it's written in the right tone?

Copilot can help adjust your message for

- Tone
- Length

Copilot can even help you write parts of your message
