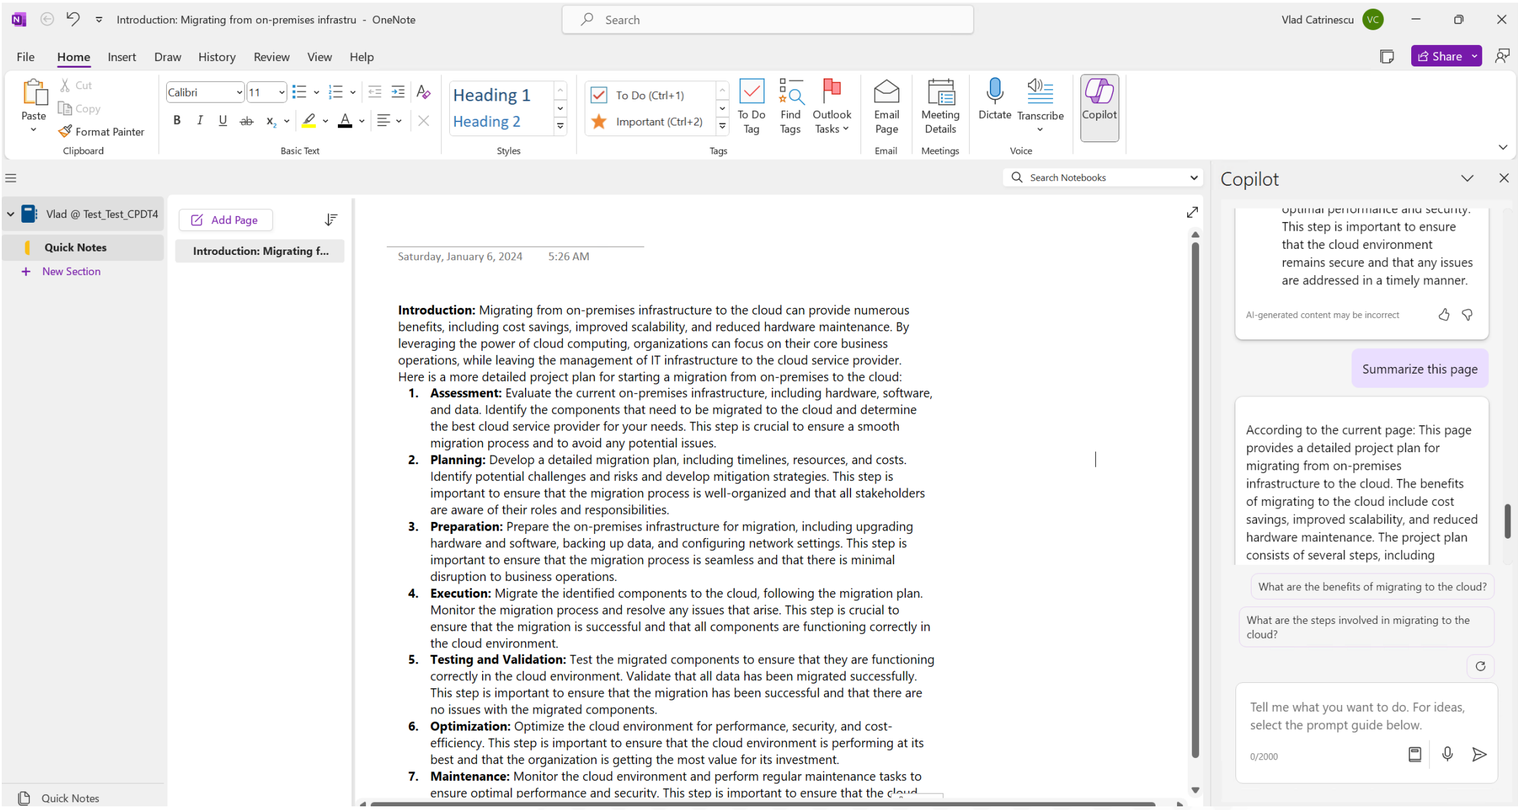
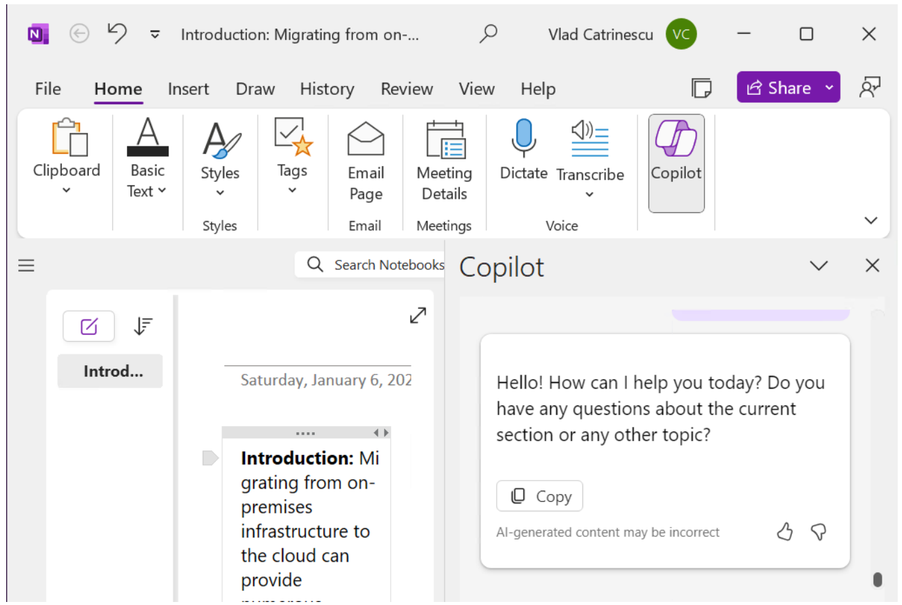
# Not currently available on

OneNote Web

OneNote Mac



# Accessing Copilot in OneNote



**You can access Copilot from the OneNote ribbon**

- Or the Alt + H + FX keyboard shortcut

**Select text and then right click**

- Summarize function only

# Copilot in Microsoft OneNote in Action

# Summarize Notes

Copilot can summarize a selection of text, page, and section of notes into a shareable format.

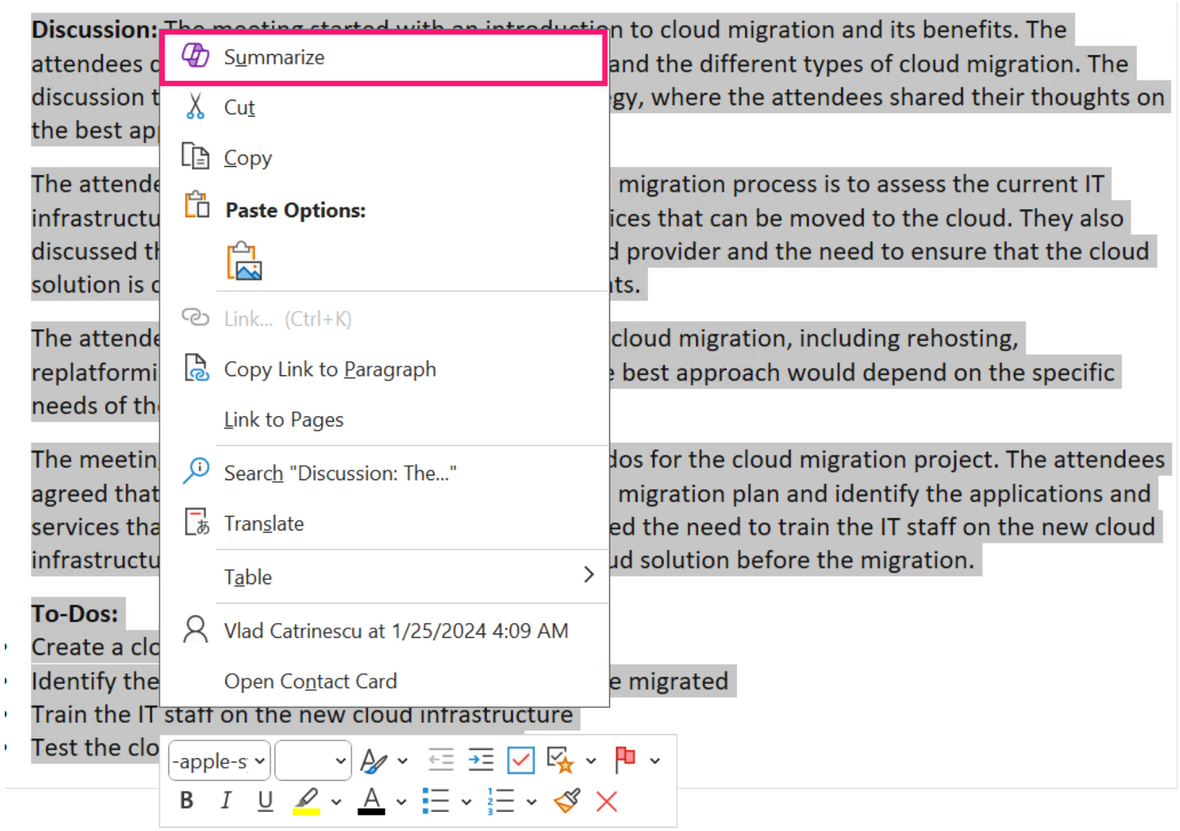
# Summarize Notes

**Select the text you want and right click**

Press Summarize

**Prompt Copilot to summarize this page**

Add details to your prompt such as audience and tone!



# Demo

## Summarizing notes with Copilot

# Improve and Create Notes

Copilot can create anything from to-do lists, templates, and plans in OneNote.

# Prompt Examples

Draft a to-do list for my upcoming quarterly sprint

Create a template for taking meeting notes according to best practices!

Suggest three ways I could rewrite this text to sound more casual

# Demo

## Improve and create your notes with Copilot

# Module Conclusion
