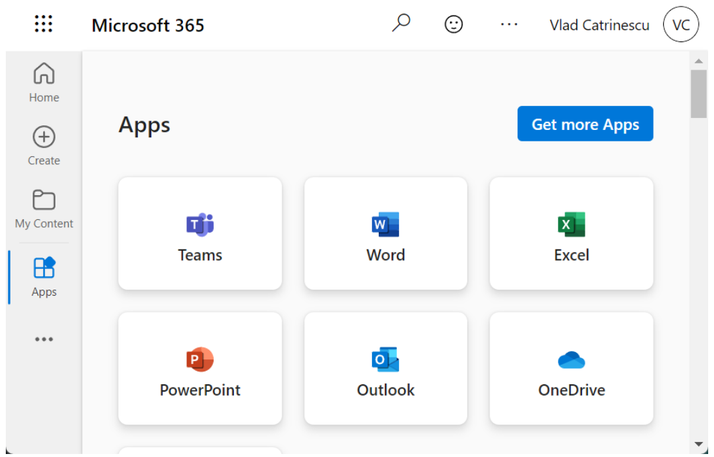
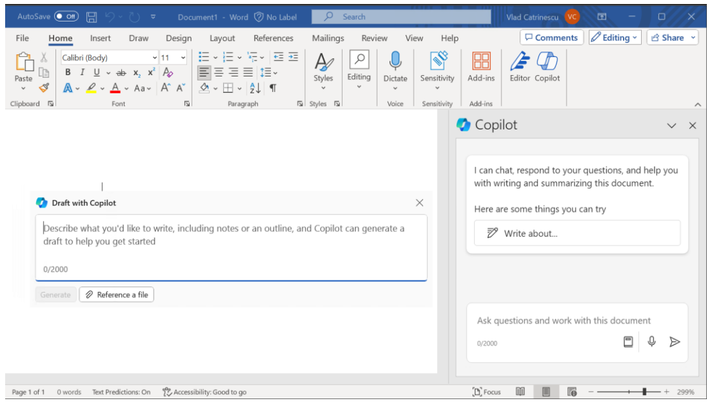
Requirements and How to Access Copilot in Word

Copilot in Word Availability



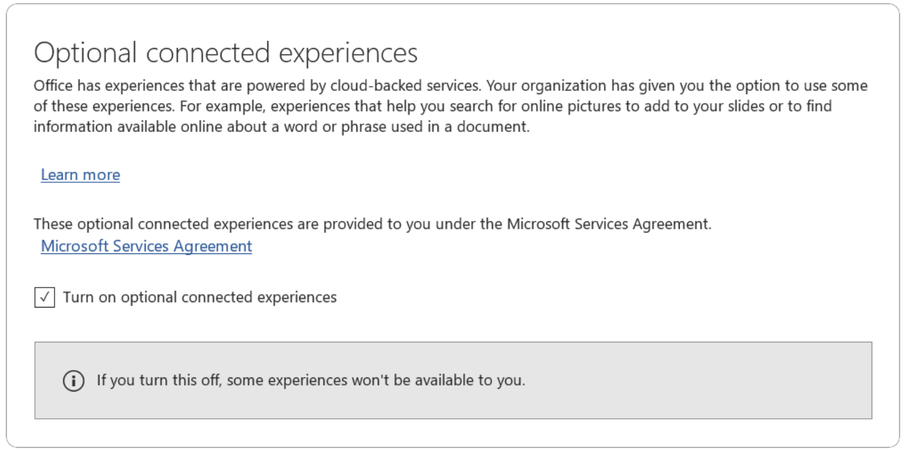
Word Online



Word Client

Word Mobile

Copilot in Word Requirements



For Copilot to work in Word Online you need to have third-party cookies enabled

- Might not work in Incognito / InPrivate windows unless you explicitly allow cookies

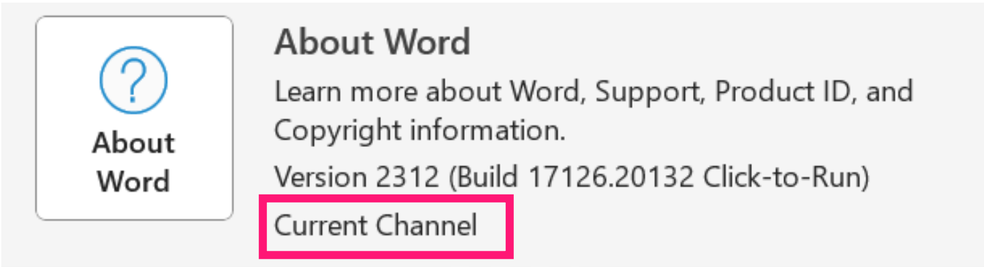
Optional connected experiences must be enabled to use Copilot in Word

Update Channels Requirement

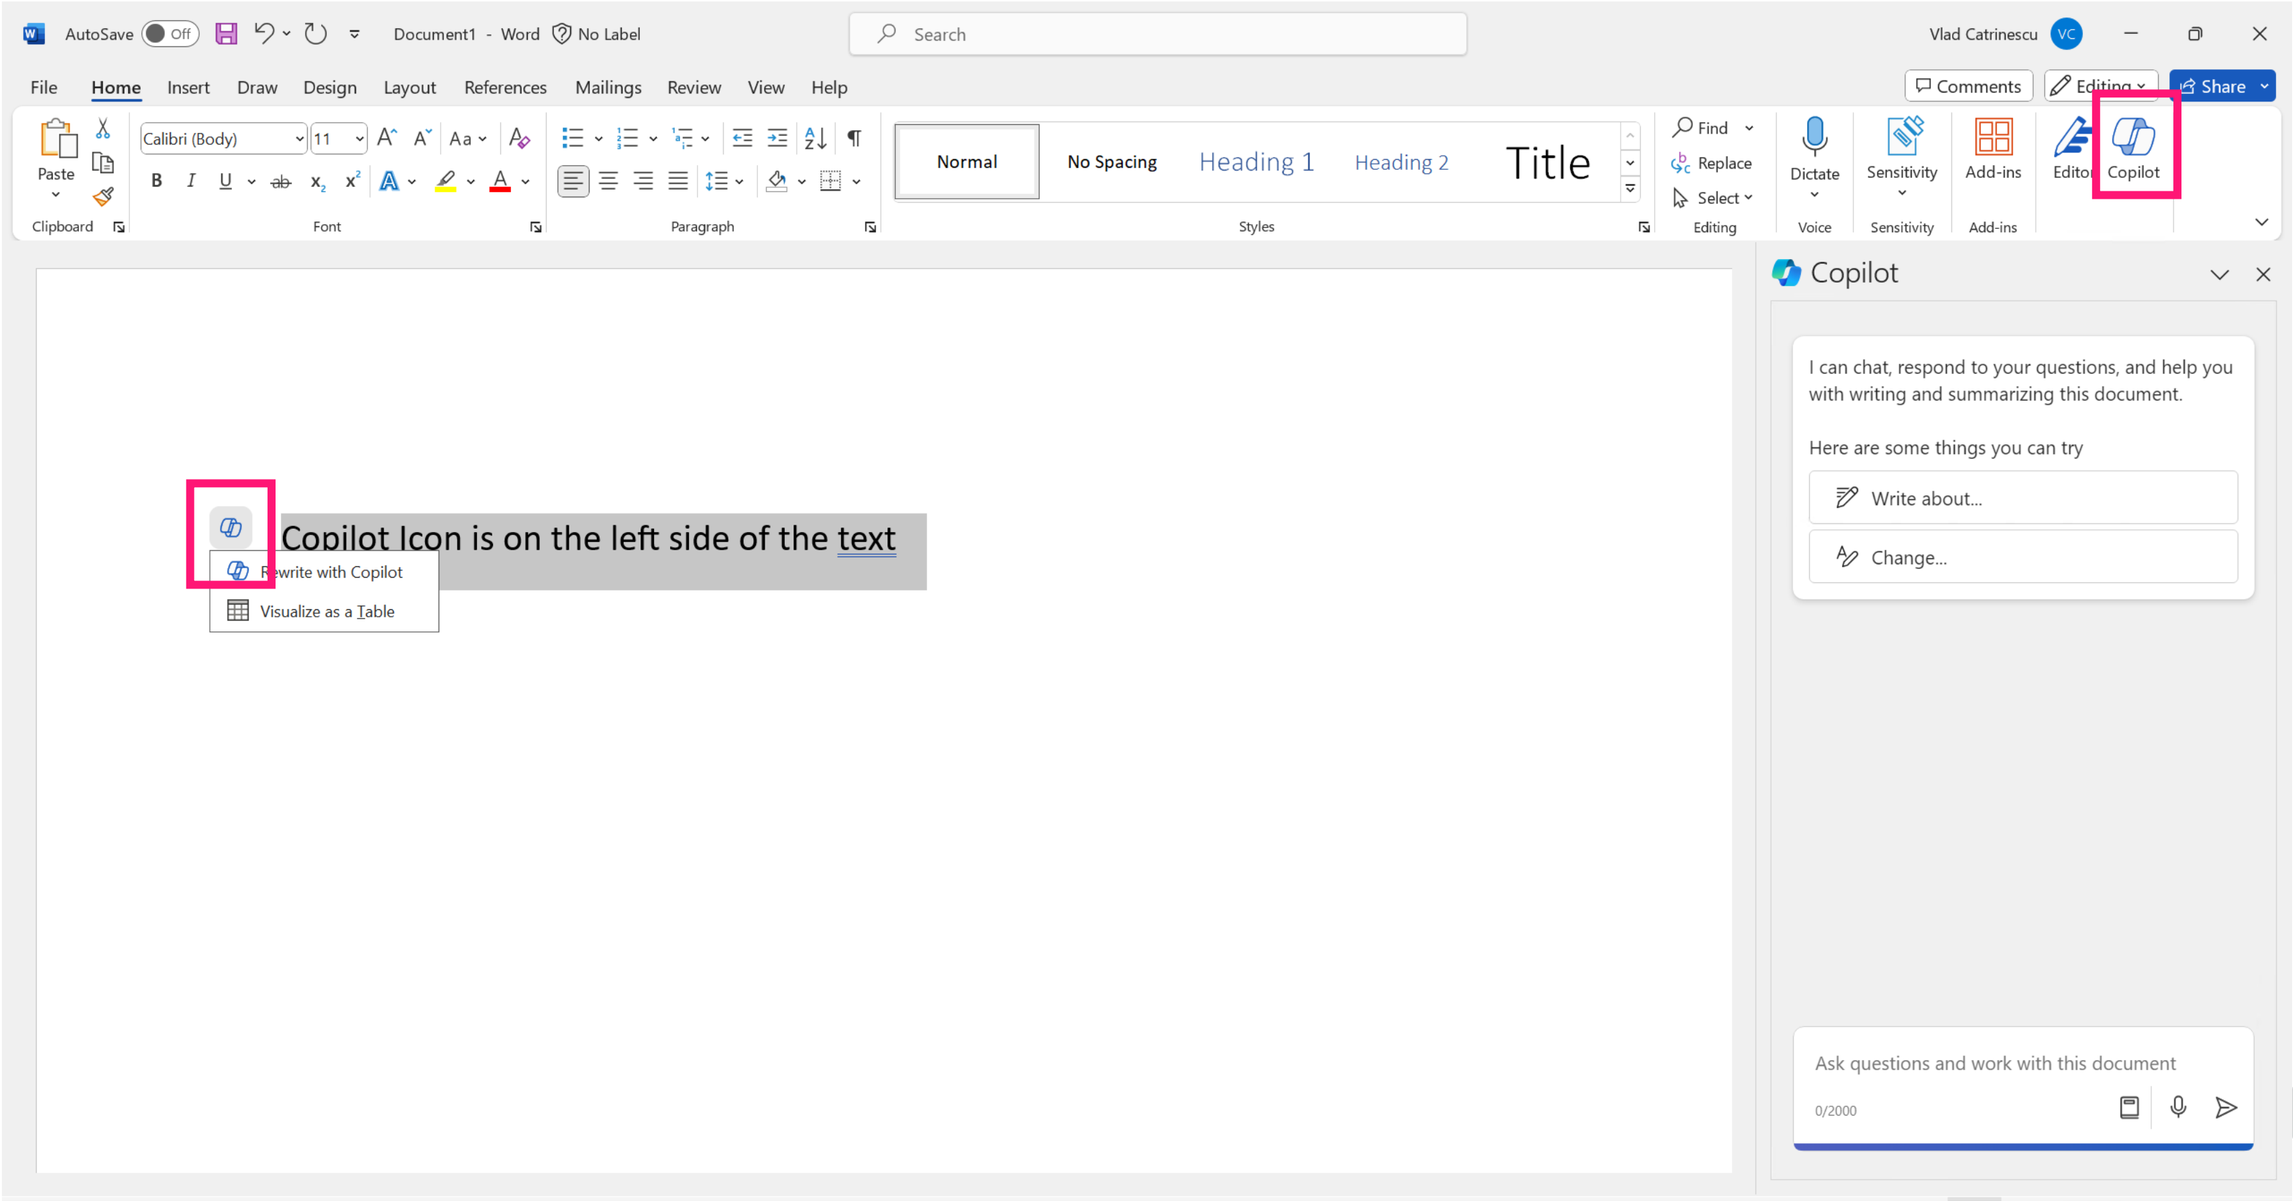
Copilot for Microsoft 365 will be available in all update channels

- Except the semi-annual channel

Setting usually configured by Microsoft 365 administrators



Accessing Copilot in Word



Copilot in Word Limitations

Copilot works best with Word Documents

- Shorter than 20 pages
- Around 15,000 words or less

Copilot will not give errors with documents above those limits

- But answers might be less effective

Summarizing Documents

If you just received a lengthy document to review, save time by letting Copilot in Word help you distill it down to key points.

Prompt Examples

Summarize this doc

What are three key points made about [Subject] in this document?

I need to share the main points of this document with my teammates - write a few paragraphs that include why these points are important to our company

Demo

Summarizing documents with Copilot in Word

Improving Content

Copilot can rewrite your text, including adjustments for tone.

Select a paragraph and click the Copilot icon on the side

Rewrite with Copilot
