Anna Liao

"I never have enough time for everything I want to do."

OCCUPATION:	Insurance Agent
LOCATION:	Seattle
STATUS:	Single
AGE:	33
PERSONALITY:	Ambitious, driven, determined

BIOGRAPHY

Anna is an independent insurance agent who lives and works in Seattle. She caters to clients with high net worth. Her clients tends to demand a lot of time and attention, and in general, she works in a high-stress environment. In her spare time, she enjoys travel, haute cuisine, and entertaining family and friends.

GOALS

- Continue to grow her insurance business
- Decrease the amount of time spent on administrative overhead
- Find a better work-life balance

FRUSTRATIONS

- Eating on-the-go makes it hard to maintain a healthy lifestyle
- It's hard to find time to relax and enjoy simple things, even a good cup of coffee
- Insurance-related technology is often antiquated and difficult to use

TECHNOLOGY

Internet	●●●●○	Social Media	●●○○○
Mobile Apps	●●●○○	Desktop Software	●●●○○

- Using multiple backgrounds or settings

Using Generative AI Tools to Create User Journey Maps

ANNA

SCENARIO

For an upcoming annual conference, Amy wants to purchase coffee gift cards for members of her team.

EXPECTATIONS

- Gift cards of different denominations
- Ability to pay online
- Ability to email gift cards

EXPLORE

- Visits site and is impressed by the simple design
- Looks at options for gift cards
- Decides to register so she can make the purchase

"The site looks great! I can easily find what I need."

REGISTER

- Creates an account by entering username, password, full name, address, and secret questions
- Email confirmation never arrives so she has it resent

"They need a lot of information. And I didn't get the email. This is taking a long time."

SELECT

- Browses gift card options again
- Selects the $50 gift card with a picture of a coffee cup on it
- Adds the card to the cart

"I like all the options for card designs."

CHECKOUT

- Navigates to cart
- Selects quantity of 6 for the gift card
- Enters email addresses for 6 recipients
- Enters payment information
- Enters shipping information
- Completes purchase

"Why do they need shipping information for digital cards?"

OPPORTUNITIES AND OWNERSHIP

- Offer a guest checkout – Payments Team
- Skip shipping information if all purchases are digital – Cart Team
