Develop a Product Roadmap Using Generative AI

Using Generative AI to Create a Product Roadmap

Harit Himanshu

Founder, BonsaiiLabs

@harittweets | https://bonsaiilabs.com

Overview

Discussing scenario

Creating OKR system for Acme Inc.

Creating engineering roadmap based on OKR

Creating epics and user stories based on Engineering Roadmap

Organizing user stories into sprint cycles

Verifying deliverables with OKR outcomes

Acme Inc.

#1 tax software

Personal finance app
